Nancy Wood presented her idea to offer a drum to be given away at the Festival in the Clouds. She would like to develop and print a flyer to promote her idea as well as the Festival. She suggested a drum circle during the Festival, and then would like to give her drum away to the winner. She wants to promote not only the Festival, but the Town of Alma, as well. Nancy Wood will contact Bonnie and Nancy Comer to coordinate the publicity. She will also get with Chip to set up a time for the drum circle.

12. Saving Places Conference Report (Tim Z)

The county had purchased tickets to go to this conference. One person dropped out and offered us the opportunity to attend. The Historic Foundation of Colorado is building a new face. They are working on providing “greener” options for historic development. They are also using historic preservation as a way to promote our towns or boost our economy. Historic tourists spend more money than other “rush hikers”, hunters, day trippers, etc. Tim came away with a much brighter viewpoint of historical preservation. There is a “Main Street Project” fund, building up small towns and their Main Streets. The seminar also provided interesting cemetery information. Nancy Wood suggested that somehow we need to communicate to the community how historical preservation helps the community with historic tourist funds.

13. Scholarship discussion

It was determined that we would continue with the high school scholarship at \$750 each. Nancy made a suggestion that we develop a local Montessori school scholarship. Caroline will publicize the high school scholarship and send Tim the updated scholarship.

15. Officer Reports

- a. Tim Zingler is interested in asking South Park Chamber to sponsor a webcam in Alma. Mark suggested the Foundation do its own webcam possibly sponsored by local businesses. Tim B will research a webcam.
- b. Inga Hanks from the South Park Chamber would like help and money to sponsor a map and a brochure with merchants listed. It was determined that we would not give them more money at this time, but would support something possibly in the future.
